

SQL Exercise 3

1. Display all the Supplier names with the initial letter capital.

Query-

```
select `S#`,concat(
    upper(substring(sname,1,1)),
    lower(substring(sname,2,length(sname)))
)
as capital
from supplier
order by `S#`;
```

2. Display all the Supplier names in upper case.

Query-

```
select upper(sname)from supplier;
```

3. Display all the Supplier names in lower case.

Query-

```
select lower(sname)from supplier;
```

4. Display all the Supplier names padded to 25 characters, with spaces on the left.

Query-

```
select lpad(sname,25,' ') from supplier;
```

5. Display all the Supplier names (with 'la' replaced by 'ro').

Query -

```
select replace (sname,'la','ro') from supplier;
```

HINT: REPLACE.

6. Implement the above command such that 'l' is replaced with 'r' and 'a' is replaced with 'o'.

Query-

```
select replace(sname,'l','r')from supplier;
select replace(sname,'a','o')from supplier;
```

7. Display the Supplier names and the lengths of the names.

Query-

```
select sname, length(sname) from supplier;
```

8. Use the soundex function to search for a supplier by the name of 'BLOKE'.

Query-

```
select *from supplier
where soundex(sname)=soundex('BLOKE');
```

9. Display the Supplier name and the status (as Ten, Twenty, Thirty, etc.).

Query-

```
select sname,
case status
when 10 then 'Ten'
when 20 then 'Twenty'
when 30 then 'Thirty'
```

```
else 'Unknown'  
end 'status_in_words'  
from supplier;
```

10 Display the current day (e.g. Thursday).

Query-

```
select dayname(curdate()) from dual;
```
